En camino de ofrecer orientación sobre el año fiscal 2021*

**NUEVA YORK, 5 Mayo 2021** – Atento S.A. (NYSE: ATTO) (“Atento” o la “Compañía”), el mayor proveedor de servicios de externalización de procesos comerciales y gestión de relaciones con los clientes en América Latina, y entre los cinco principales proveedores a nivel mundial, anunció hoy sus resultados operativos y financieros del primer trimestre para el período que finaliza el 31 de marzo de 2021. Todas las comparaciones en este anuncio son año contra año (YoY) y en moneda constante (CCY), a menos que se indique lo contrario.

### Desempeño saludable y rentable en el primer trimestre de 2021

- Los ingresos del primer trimestre crecieron 8.0% sobre una base de moneda constante, con un crecimiento consistente en Multisector en todas las regiones, impulsado por los Servicios de Próxima Generación.
- Los ingresos multisectoriales aumentaron 11.0%, alcanzando el 68.1% de los ingresos totales, 0.7pp mayor año contra año
- TEF reanuda el crecimiento tras la victoria de un nuevo programa
- Los ingresos en EE.UU. aumentaron 52.0%, y el EBITDA aumentó 91% año contra año.
- El EBITDA consolidado se expandió 6.7% a \$39.1 millones año contra año, con un margen correspondiente de 10.5%, en línea con las expectativas de la administración y reflejando la estacionalidad histórica para el primer trimestre.
- Mejora sólida continua en el flujo de caja: flujo de caja operativo + \$11,9 millones frente al primer trimestre de 2020, totalizando \$5,5 millones en el primer trimestre de 2021, la primera cifra positiva para un primer trimestre desde 2017

### Construyendo un historial en eficiencia operativa

- Primera etapa implementada en 2019 y 2020 enfocada en gastos operativos estructurales, con \$60 millones en ahorros anualizados llevados a 2021
- La segunda etapa estará enfocada en la rentabilidad del contrato, con ahorros anualizados que se espera que alcancen más de \$25 millones

### La refinanciación de la deuda resolvió la incertidumbre relacionada con la estructura de capital

- Concluyó con éxito el refinanciamiento de deuda en el primer trimestre de 2021, lo que extendió la vida útil promedio de la deuda a 4.3 años
- Balance general saludable con una sólida posición de caja de \$176,1 millones
- Reducción de la deuda neta del 6,9% frente al primer trimestre de 2020, con un apalancamiento de 3,3x
- Deuda en USD cubierta por principal y cupones

### Avenidas para el Crecimiento

- Foco continuo en expandir los Servicios de Próxima Generación para negocios multisectoriales y estadounidenses, con el objetivo de aumentar los ingresos y el EBITDA en monedas fuertes.

### **Mensaje del Director Ejecutivo y del Director Financiero**

Atento obtuvo sólidos resultados en el primer trimestre de 2021, gracias a las sólidas ventas de Servicios de Próxima Generación en las regiones en las que operamos, especialmente en Estados Unidos y EMEA. Nuestros ingresos en el trimestre aumentaron un 8,0% interanual sobre una base de tipo de cambio constante, mientras que el crecimiento del EBITDA fue de 6,7%, con un margen de 10,5%, y costos de implementación de nuevos proyectos cuyos ingresos se contabilizarán en su totalidad a partir del segundo trimestre de 2021 en adelante, y ajustes salariales en Brasil. Por primera vez desde 2017, generamos un flujo de caja operativo positivo en un primer trimestre,

La implementación de nuestro Plan de Tres Horizontes en 2019 nos permitió convertir con éxito nuestra cartera comercial, aumentando constantemente nuestras ventas según lo medido por el Valor Anual Total: las nuevas ganancias en este trimestre superaron los \$80 millones, 4 veces más de lo que vendimos en el mismo período en 2018, y 50% más que el primer trimestre de 2020, más de la mitad de estos ingresos provinieron de Estados Unidos. Nos enorgullece informar que una de estas victorias es un contrato con el estado de Maryland, donde asumimos una posición de primera línea en la lucha contra el COVID con el lanzamiento del sistema de Programación y Distribución Equitativa de Vacunas de Atento utilizando la solución de trabajo remoto Atento@home, implementado en tan solo dos semanas,

Hace un año, dijimos que queríamos servir a los clientes adecuados, con los servicios adecuados, y eso es lo que hemos estado entregando. Hemos podido atraer marcas nativas digitales y tecnológicas que, junto con los medios, comprenden más del 10% de nuestros ingresos totales. Cuando sumamos los ingresos de Estados Unidos y EMEA, las monedas fuertes representan el 25% de los ingresos totales, mitigando el impacto de las variaciones de tipo de cambio de nuestros negocios en Latinoamérica. Lo que es más importante, estos clientes demandan servicios más sofisticados, lo que permite mejores márgenes,

Estamos viendo oportunidades para extraer eficiencias operativas adicionales a lo largo del año. Después de lograr ahorros de costos anualizados de \$85 millones en 2020, de los cuales \$60 millones se trasladan a 2021, comenzamos el año enfocándonos en la rentabilidad del contrato. Hay factores importantes que impactan la rentabilidad de cada programa. Tenemos un grupo de entrega que actualmente implementa iniciativas para equilibrar mejor estos factores para que podamos mejorar nuestros retornos mientras brindamos excelentes servicios a nuestros clientes,

Como dijimos en nuestro Día para Inversores de 2019, mejorar la estructura de capital de Atento es un elemento clave para generar valor a los accionistas. Este trimestre completamos exitosamente la refinanciación de nuestra deuda, emitiendo nuevos Bonos Senior Garantizados por \$500 millones que vencen en febrero de 2026, extendiendo el promedio vida de nuestra deuda de 1,5 años a 4,3 años y allanando el camino para mejorar nuestra estructura de capital. Cumpliendo con el compromiso asumido con los inversores, las nuevas notas están protegidas por instrumentos de cobertura que consisten principalmente en swaps de moneda cruzada en BRL, PEN y Euro, con los cupones cubiertos hasta el vencimiento, mientras que el principal está cubierto por un período de 3 años,

La demanda de nuestros servicios de CX sigue siendo fuerte y Atento está más que preparada para atender esta demanda. La combinación de crecimiento de los ingresos brutos, expansión de los ingresos en divisas fuertes y eficiencias operativas adicionales junto con el éxito de nuestro refinanciamiento de deuda fortalece nuestra confianza en el logro de nuestros objetivos de EBITDA y apalancamiento para 2021 y 2022,

**Carlos López-Abadía**  
Director Ejecutivo

**José Azevedo**  
Director Financiero

## First Quarter Consolidated Financial Results

Atento's revenue increased 8.0% YoY in Q1 2021, to \$370.6 million, mainly driven by an 11.0% growth in Multisector sales, which expanded across all regions, reflecting the company's effort to continue improving revenue mix into fast-growing and more profitable verticals. Media, Tech and Born-digital already represent more than 10% of total revenues, with revenues in hard currencies already totaling 25% of total revenues.

Sales of Atento@home solutions have also increased. We are now serving more than 300 clients with this solution while maintaining our employees safely working from home, complying with all the security standards and reinforcing the culture of taking care of our people.

Telefónica revenues are stabilizing, with an increase of 2.2% YoY, mainly from higher volumes in Brazil and EMEA. It is worth highlighting that the initial impacts from the pandemic were already felt mid-March 2020, with the closing of centers that directly impacted TEF revenues for that period. We continue to improve our relationship with Telefónica and remain the leader in the share of wallet for CX services.

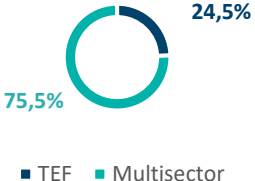

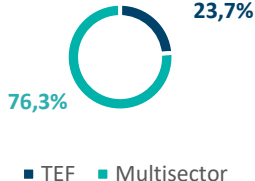

Multisector revenues reached 68.1% of total sales, up from 67.5% in Q1 2020 and from 62.4% two years ago, as a result of higher sales of Next Generation Services, such as high-value voice, integrated multichannel and automated back-office services, demand for which is even stronger with the change in consumer habits. NGS represented 30% of our new sales in this quarter.

Consolidated EBITDA expanded 6.7% to \$39.1 million YoY, while the corresponding margin reached 10.5%, diminishing 40 basis point year-over-year. This slight decline reflects an impact of \$6.6M from wage adjustments in Brazil, which we expect to recover as we pass it through to prices in the next quarters and of \$1.3M implementation costs of new client programs in Brazil and the US. This EBITDA margin was in line with management expectations and reflects the historical first quarter seasonality.

Atento continued to maintain a comfortable level of financial liquidity, with net debt decreasing 6.9% to \$525.4 million YoY. Operating Cash Flow was R\$5.5 million in the quarter, the first positive OCF we registered in a Q1 since 2017. Free cash flow was \$16.1M negative, the same level registered in Q1 2020, and includes around \$10 million of one-time costs related to the debt refinancing and \$11.7 million of interest payment net of hedge gains.

## Segment Reporting

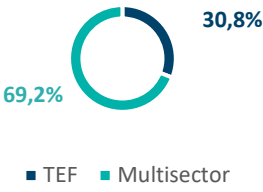

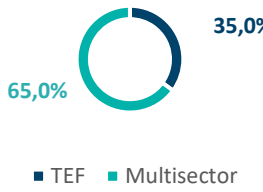

### Brazil

Brazil Revenue Mix	<b>2021</b> 		<b>2020</b> 	
	■ TEF ■ Multisector		■ TEF ■ Multisector	

Revenue in Brazil, Atento's flagship operation, increased 6.7% during the quarter to \$148.9 million, fueled by 5.6% growth in multisector, due to Next Generation Services expansion with Born-Digital companies. Telefonica revenue went up by 10.5%, reflecting the partial impact of the new program implemented in March and also the weaker Q1 2020 that was impacted by the pandemic in the last two weeks of March 2020. Multisector clients acquired in the last twelve months came mainly from the Healthcare, Media and Born-Digital sectors.

EBITDA was impacted by \$6.6 million in wage adjustments, which we expect will be largely passed on to prices in the next couple of months, and \$1.0 million of implementation costs related to new client programs, thus decreasing 9.5% YoY and totaling R\$17.9 million. EBITDA margin, in turn, diminished 220 basis points to 12.0%. Excluding these impacts, EBITDA margin would have been 17.1%.

## Americas Region

	■ TEF ■ Multisector		■ TEF ■ Multisector	

In the Americas, the Company recorded an increase in revenues of 8.6% YoY to \$154.1 million, with Multisector sales increasing 15.8% YoY, mainly in Central America, Colombia and the US, where we won a new contract with the State of Maryland to support Covid-19 vaccine appointments and logistics. Telefónica revenues decreased 4.9% YoY, with the main impact coming from Peru as this country has been under a more severe lockdown to control the pandemic when compared to other countries.

When compared to Q1 2020, US revenues went up 52%, while EBITDA increased 91%, with EBITDA Margin reaching 15.8%, up by 3.2 percentage points. EBITDA was impacted by a \$0.3 million implementation related cost for a new client program, implying normalized profitability closer to 17%. Our US clients already represent 7% of Atento's total consolidated revenues, in line with our strategy of strengthening our revenues in hard currencies and expanding our presence in the American market.

The region's Adjusted EBITDA was \$17.1 million, increasing 25.5% YoY mainly due to higher revenue from the US coupled with improved operational efficiencies. EBITDA margin stood at 11.1%, an increase of 1.8 percentage points.

## EMEA Region

(\$ in millions)	Q1 2021	Q1 20210	CCY growth	
<b>EMEA Region</b>				
Revenue	69.1	57.5	9.8%	
Adjusted EBITDA	8.5	3.7	105.8%

In EMEA, a 15.8% increase in Multisector sales, driven by Next Generation Services, coupled with a 4.3% increase in TEF revenues, led to a 9.8% increase in revenues during the quarter, totaling \$69.1 million.

EMEA's Adjusted EBITDA more than doubled to \$8.5 million, while the EBITDA margin expanded 580 basis points to 12.3%. The region's profitability improved as a result of better operational efficiencies coupled with revenue growth.

**Cash Flow**

Cashflow Statement (\$ in millions)	Q1 2021	Q1 2020
Cash and cash equivalents at beginning of period	209.0	124.7
Net Cash from Operating activities	(0.6)	4.4

Effect of changes in exchanges rates	(10.5)	(13.9)
Cash and cash equivalents at end of period	176.1	162.8

**Indirect Cash Flow View – Q1 2021 (\$ in millions)**

Despite historical seasonality for a first quarter, Atento closed the period with \$5.5M of Operating Cash Flow, an \$11.9 million improvement YOY because of a solid EBITDA coming from increased revenues and operational efficiencies. This was the first positive OCF in a first quarter since 2017, attesting the improvement in the Company's financial discipline.

Free Cash Flow was negative \$16.1 million, as one-time impact of approximately \$10 million costs related to the debt refinancing (call premium to redeem previous outstanding bond and other issuance costs such as underwriter fees, lawyers and auditors) led to net financial expenses of \$21.6 million. It is important to highlight that Q1 and Q3 are impacted by bond interest payment, which amounted to \$11.7 million from interest payments net of hedge gains in this quarter.

Cash Capex was 2% of revenues in Q1 2021, compared to 3% in Q1 2020. While Q1 2021's number was below guidance for the year, we believe this is a phasing effect as we have been deploying new projects, especially growth related, in line with our expectations. Therefore, we expect cash capex as a percentage of revenues to be aligned with our guidance of 4-4.5% for the entire year.

(1) Notes are protected by certain hedging instruments, with the coupons hedged through maturity, while the principal is hedged for a period of 3 years. The instruments consist mainly of cross-currency swaps in BRL, PEN and Euro.

On February 19, 2021, Atento successfully completed its \$500M bond refinancing. The new \$500 million Senior Secured Notes matures on February 10, 2026 and will pay interest at a rate of 8.0% per annum. With this transaction, the Company’s average debt life increased from 1.5 years to 4.3 years.

Fulfilling the commitment made to investors in the refinancing process, the new notes are protected by certain hedging instruments, with the coupons hedged through maturity, while the principal is hedged for a period of 3 years. The instruments consist mainly of cross-currency swaps in BRL, PEN and Euro. As a reference, the BRL cost for principal and coupon is approximately 180% of CDI, equivalent to circa 5.0% p.a. with the current CDI, compared to 7% p.a. cost of the previous bond for coupons only.

## Debt Payment Schedule

### As of December 31, 2020

### As of March 31, 2021

At end of Q1 2021, gross debt was \$701.5 million, which included \$130.9 million in leasing obligations under IFRS 16. Atento finished the quarter with cash and cash equivalents of \$176.1 million, a YoY increase of \$13.3 million (+8.2%). At the end of March, we had approximately \$80 million in available revolving credit facilities, of which \$50 million were drawn down. Net debt, in turn, decreased 6.9% when compared to Q1 2020.

### Fiscal 2021 Guidance

(\*) We define non-recurring items as items that are limited in number, clearly identifiable, unusual, are unlikely to be repeated in the near future in the ordinary course of business and that have a material impact on the consolidated results of operations. Non-recurring items can be summarized as demonstrated below:

- Amortization of acquisition related to intangible assets represents the amortization expense of customer base, recorded as intangible assets. This customer base represents the fair value (within the business combination involving the acquisition of control of Atento Group) of the intangible assets arising from service agreements (tacit or explicitly formulated in contracts) with Telefónica Group and with other customers.
- Since April 1, 2015, the Company designated the foreign currency risk on certain of its subsidiaries as net investment hedges using financial instruments as the hedging items. Consequently, any gain or loss on the hedging instrument, related to the effective portion of the hedge is recognized in other comprehensive income (equity) as from that date. The gains or losses related to the ineffective portion are recognized in the statements of operations and for comparability, and those adjustments are added back to calculate Adjusted Earnings.

(\*\*) Adjusted Earnings per share is calculated based on weighted average number of ordinary shares outstanding of 14,159,237 and 14,090,948 for the three months ended March 31, 2020 and 2021, respectively.

(\*\*\*) Adjusted Earnings per share in the reverse split basis is calculated by applying the ratio of conversion of 5.027090466672970 used in the reverse split into the previous weighted average number of ordinary shares outstanding

(1) In considering our financial condition, our management analyzes Net debt with third parties, which is defined as total debt less cash and cash equivalents.

Net debt with third parties is not a measure defined by IFRS and it has limitations as an analytical tool. Net debt with third parties is neither a measure defined by or presented in accordance with IFRS nor a measure of financial performance and should not be considered in isolation or as an alternative financial measure determined in accordance with IFRS. Net debt is not necessarily comparable to similarly titled measures used by other companies.

(2) EBITDA LTM (Last Twelve Months)

(3) Considers the impact on March 31, 2021 of the application of IFRS16 (former operating leases not related to short-term or low-value leases are now shown as debt) of \$130.9 million and \$9.4 million of other financial leases.
